

The Canadian Fuels Association is pleased to welcome **Tidewater Midstream and Infrastructure Ltd.** to its membership and **Matt Millard**, General Manager at Tidewater’s Prince George Refinery, to the Association’s Board of Directors.

[Tidewater](#) is a Canadian integrated midstream and infrastructure company headquartered in Calgary, Alberta.

“We are pleased to have Tidewater Midstream and Infrastructure Ltd. as part of the Canadian Fuels Association” says Peter Boag, President and CEO. “This valued addition to our membership strengthens our ability to represent the interests of the transportation fuels industry from coast-to-coast.”

“We are proud to be joining the Canadian Fuels Association and adding to the collective voice in support of a healthy and competitive refining sector that provides essential transportation fuels to businesses and communities across Canada,” adds Matt Millard of Tidewater.
