

The Canadian Fuels Association is pleased to welcome **Petro-Canada Lubricants Inc.** to its membership, and **Gord Pinard**, Vice President, Production, Petro-Canada Lubricants to the Association's Board of Directors.

"With one of North America's largest lubricant production facilities and a leader in product innovation and sustainability, Petro-Canada Lubricants represents the best in the downstream value chain and is a valued addition to the Association," says Peter Boag, Canadian Fuels Association CEO.

Gord Pinard commented, "Petro-Canada Lubricants is pleased to join the Canadian Fuels Association. The association's reputation and advocacy is an important asset for our industry. We look forward to participating in the efforts of the association."

The Petro-Canada Lubricants production facility is located in Mississauga, Ontario and produces 15,600 barrels per day of base oils and other specialized lubricant products. Petro-Canada Lubricants blends and packages more than 350 different lubricants, specialty fluids and greases that are exported to more than 80 countries on six continents.

Petro-Canada Lubricants is wholly owned by HollyFrontier Corporation, an independent petroleum refiner based in the United States with operations throughout the mid-continent, southwestern and Rocky Mountain regions.
